

Quiz 01 Review Sheet

Ling495
Fall, 2017

If you want to do really well on the first quiz, I suggest that you review the following concepts:

- Equilibrium
- Mixed Nash Equilibrium
- Pareto-optimal/Pareto-dominant
- The list of games discussed in class (BoS, PD, Coordination, Stag Hunt, and so on).
- Best response analysis

The quiz will have two questions which can be answered in a brief essay format.
